**Subject:** More spills in Tega Cay

**As you can see from these pictures we have had more spills with no call to let us know this was happening.**

**This was over the holiday weekend when we all want to enjoy our lake and we have NOT had rain in awhile.**

**One of the pictures below shows children in the lake in the area of the spill!**

**We need your HELP!**

**How long will this company be allowed to do this?**

**Why does nothing get done to correct their behavior?**

**Can someone FINE them and help them to remember to STOP making the same mistakes over and over?**

**I know I for one would appreciate this company actually making an effort to correct these huge blunders instead all the excuses that are made after the fact.**

**Again this company does not seem to care about us if they did wouldn't they do a better job?**

**WE (Tega Cay) DO DESERVE BETTER!**

**Respectfully,**

**Jolene Church**

**Lift station on Tepa Place**

No lock???

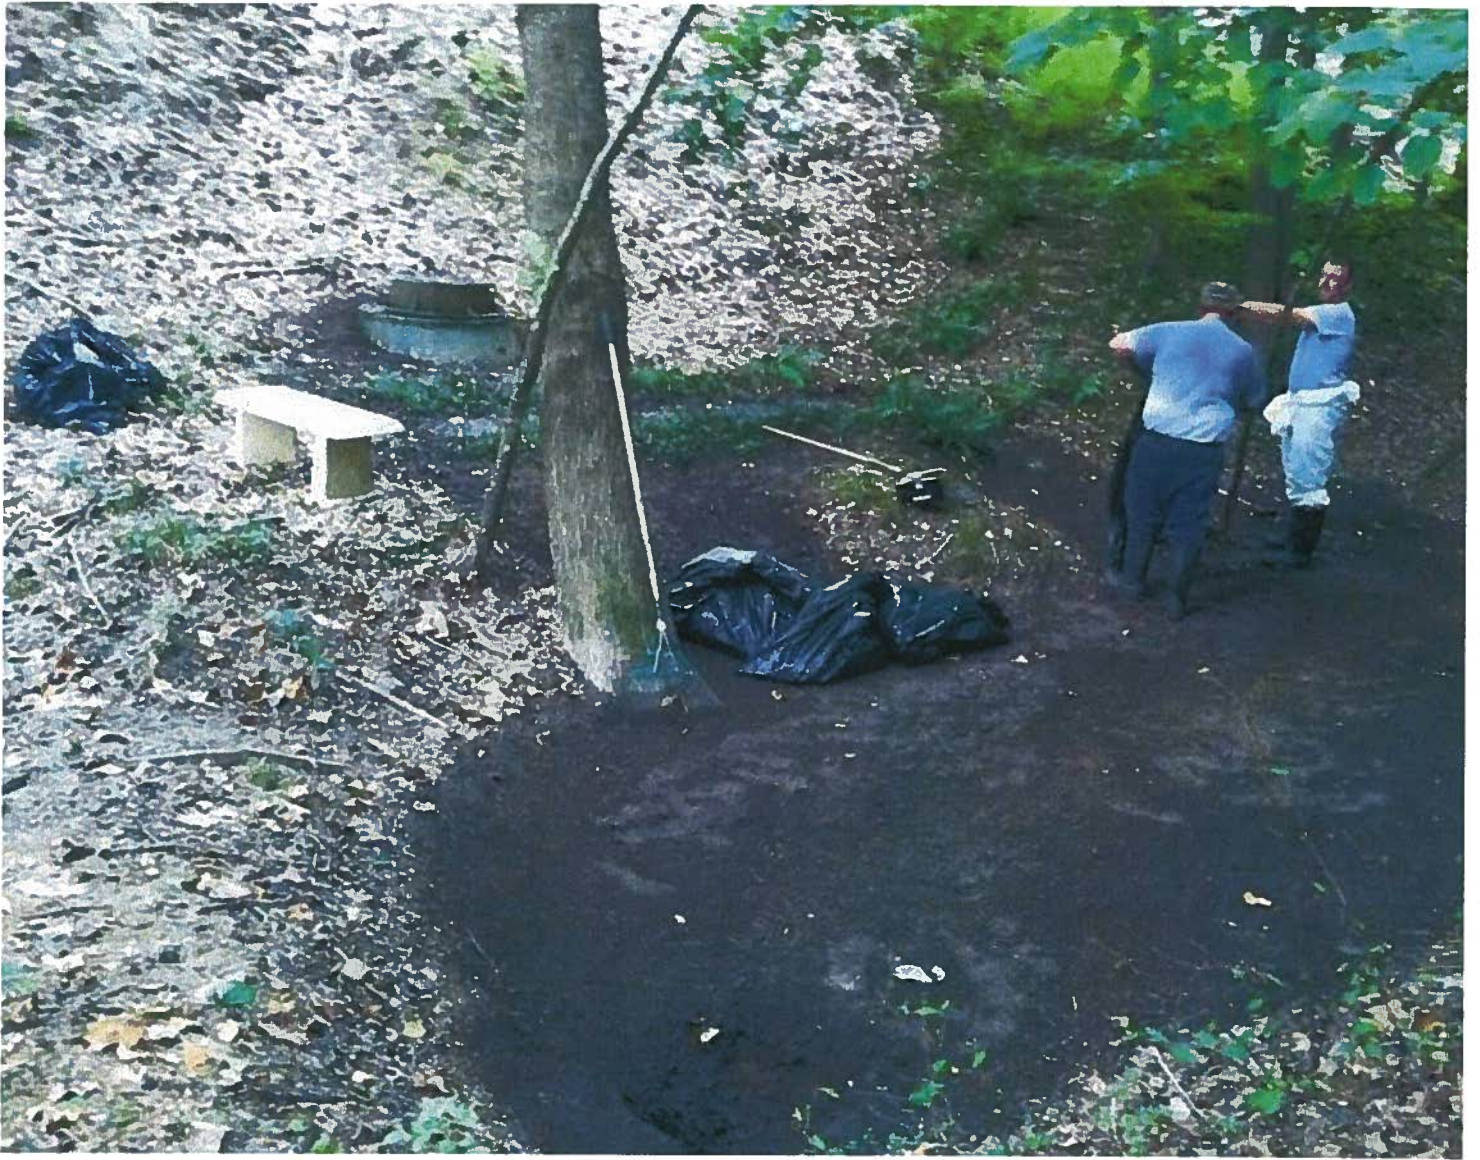

**The area near the lift station was wet but it had not rained in several days. This man made fish pond supposedly does not look this bad usually,**

Notice the kids swimming near the spill. No robo call was issued.
